## **CIRCULAR TO GROWERS**

Prior to the commencement of the 2018 crushing season management consulted with Canegrowers, ACFA and the Individual Bargaining Representatives and have reached agreement to the proposal for the payment for under 7 PRS cane as per previous seasons for this season with a review approximately half way through the season.

Therefore clause A4.7(d) of Annexure A of the Mackay Cane Supply and Processing Agreement will be amended to allow for payment for cane with a PRS of less than 7 and purity of less than 75%, with a review to take place once 50% of the cane for the season has been crushed.
